Policy for Cwricwlwm Cymreig & Bilingualism

“The Welsh Assembly Government believes that the Welsh language is an integral part of our national identity. The Welsh language is an essential and ensuring component in the history, culture and social fabric of our nation. We must respect that inheritance and work to ensure that it is not lost for future generations.”

(Iaith Pawb – A National Action Plan for a Bilingual Wales – Welsh Assembly Government)

Focus Statement

In order to support this vision we at Ysgol Uwchradd Prestatyn aim to promote the Welsh Language and culture in a wide variety of ways so that pupils are able to communicate in Welsh to the best of their ability and understand the culture of their country.

Responsibility for developing Bilingualism

- Both the Governing Body and Headteacher / Senior Leadership Team are aware of the Welsh Assembly’s objectives and County Language Policy relating to bilingualism and we endeavour to bear this in mind when appointing teaching staff.
- It is the responsibility of the Headteacher to lead the school in the development of bilingualism.
- The Cwricwlwm Cymreig and bilingualism co-ordinators provides guidance to ensure the effective use of bilingualism.
- Development of bilingualism is included when creating subject policies.
- It is an essential part of the lesson monitoring process.
- All staff are encouraged to implement these objectives according to their role within the school.

We believe that:

- pupils' initial experience of Welsh involve listening to and absorbing the language, thus providing them with a linguistic platform.
- regular use of everyday Welsh by good role models is essential.
- written material, including Welsh books, signs and labels, is an integral part of the pupils' learning environment.
- careful and purposeful planning is needed both to build on and increase pupils' previous knowledge.
- we encourage pupils to speak Welsh using familiar words and patterns regularly and confidently as they progress through the school.
- we believe that language skills learnt in one language support the development of knowledge and skills in another.
- we ensure that pupils are given sufficient opportunities to converse both with their peers and with adults.

Context for Learning

As a school in Wales we believe that a strong Welsh ethos needs to be evident.

We ensure that:

- parents and visitors to the school are greeted bilingually at reception.
- telephone calls are initially answered bilingually.
- letter headings/ending are in Welsh although content may be written in English.
- school notices, work displays and everyday Welsh phrases are displayed inside the classroom, on the corridor and in all areas of the school.
- Welsh is used in school services.
- some students are offered an enriched opportunity via transitional activities and a bilingual group tutor.
- Welsh speakers / organizations (e.g Urdd, Menter Iaith) are invited into school to provide activities, thus giving pupils the opportunity to practice their oral skills.
- the school promotes awareness of Welsh heritage and culture during school based and outside events; Eisteddfodau, Urdd activities, St Davids Day Celebrations, Santes Dwynwen, and annual visits to Glan Llyn.
