

Maths Game

You will need a die and a counter per player.

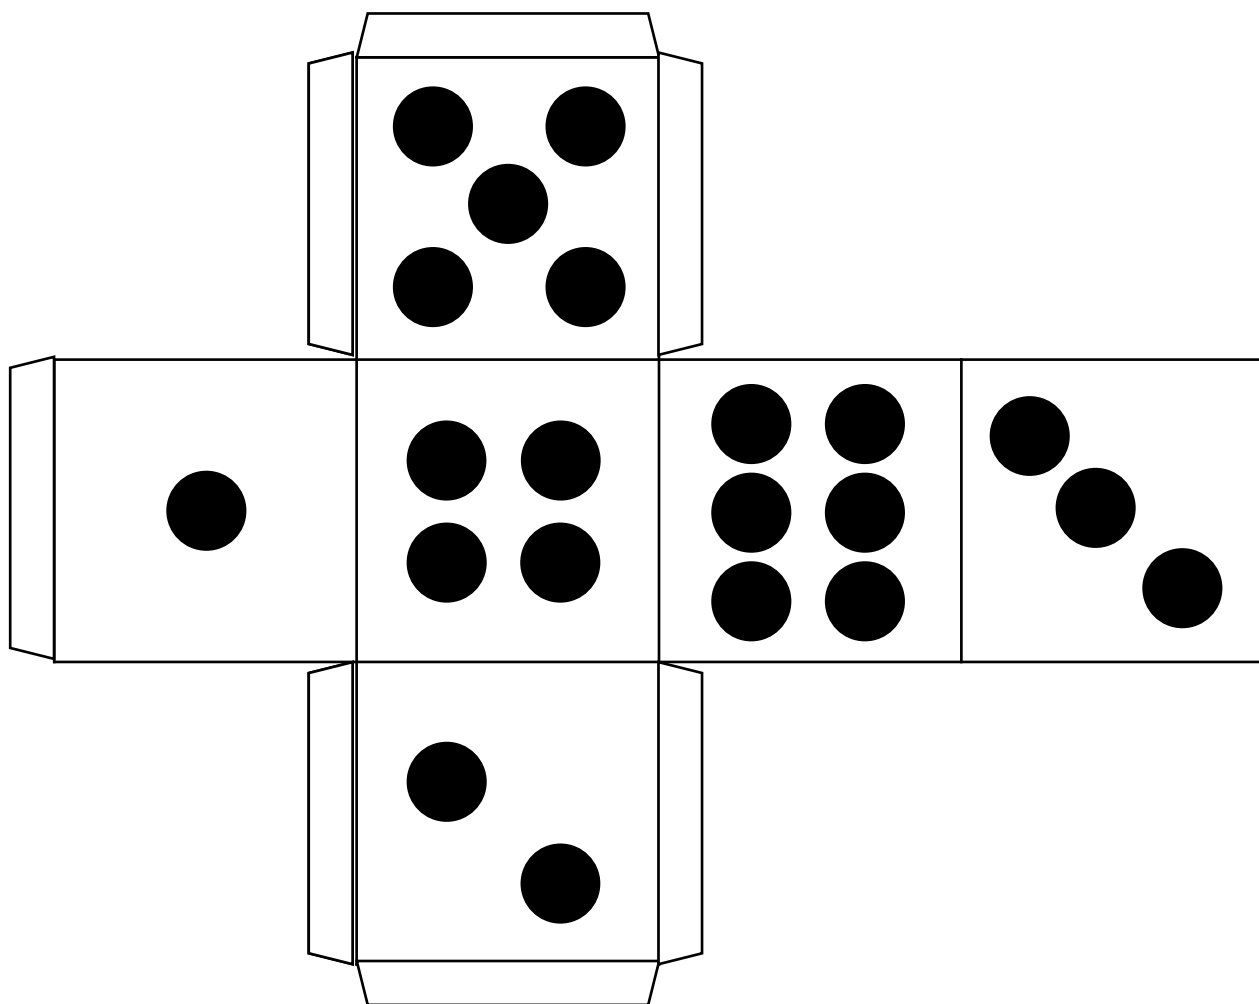

Take it in turns to roll the die – whatever number you roll is the same number of spaces you should move your counter.

Bonus moves: if you land on a question, you need to answer it. If you answer correctly, you can move that number of spaces forward.

The winner is the first person to reach the finish!

If you don't have your own counters and dice, you can make some using the templates below.

CREATING A MATHS GAME

NOW THAT YOU HAVE HAD THE CHANCE TO PLAY THE MATHS GAME, TRY MAKING YOUR OWN GAME.

YOU CAN USE ONE OF THE TEMPLATES PROVIDED, OR YOU CAN MAKE YOU OWN GAME STARTING FROM SCRATCH.

THINK ABOUT WHAT THE RULES OF YOUR GAME WILL BE, AND THINK CAREFULLY ABOUT WHAT MATHS QUESTIONS YOU WILL INCLUDE. MAKE SURE YOU KNOW THE ANSWERS TO YOUR QUESTIONS!

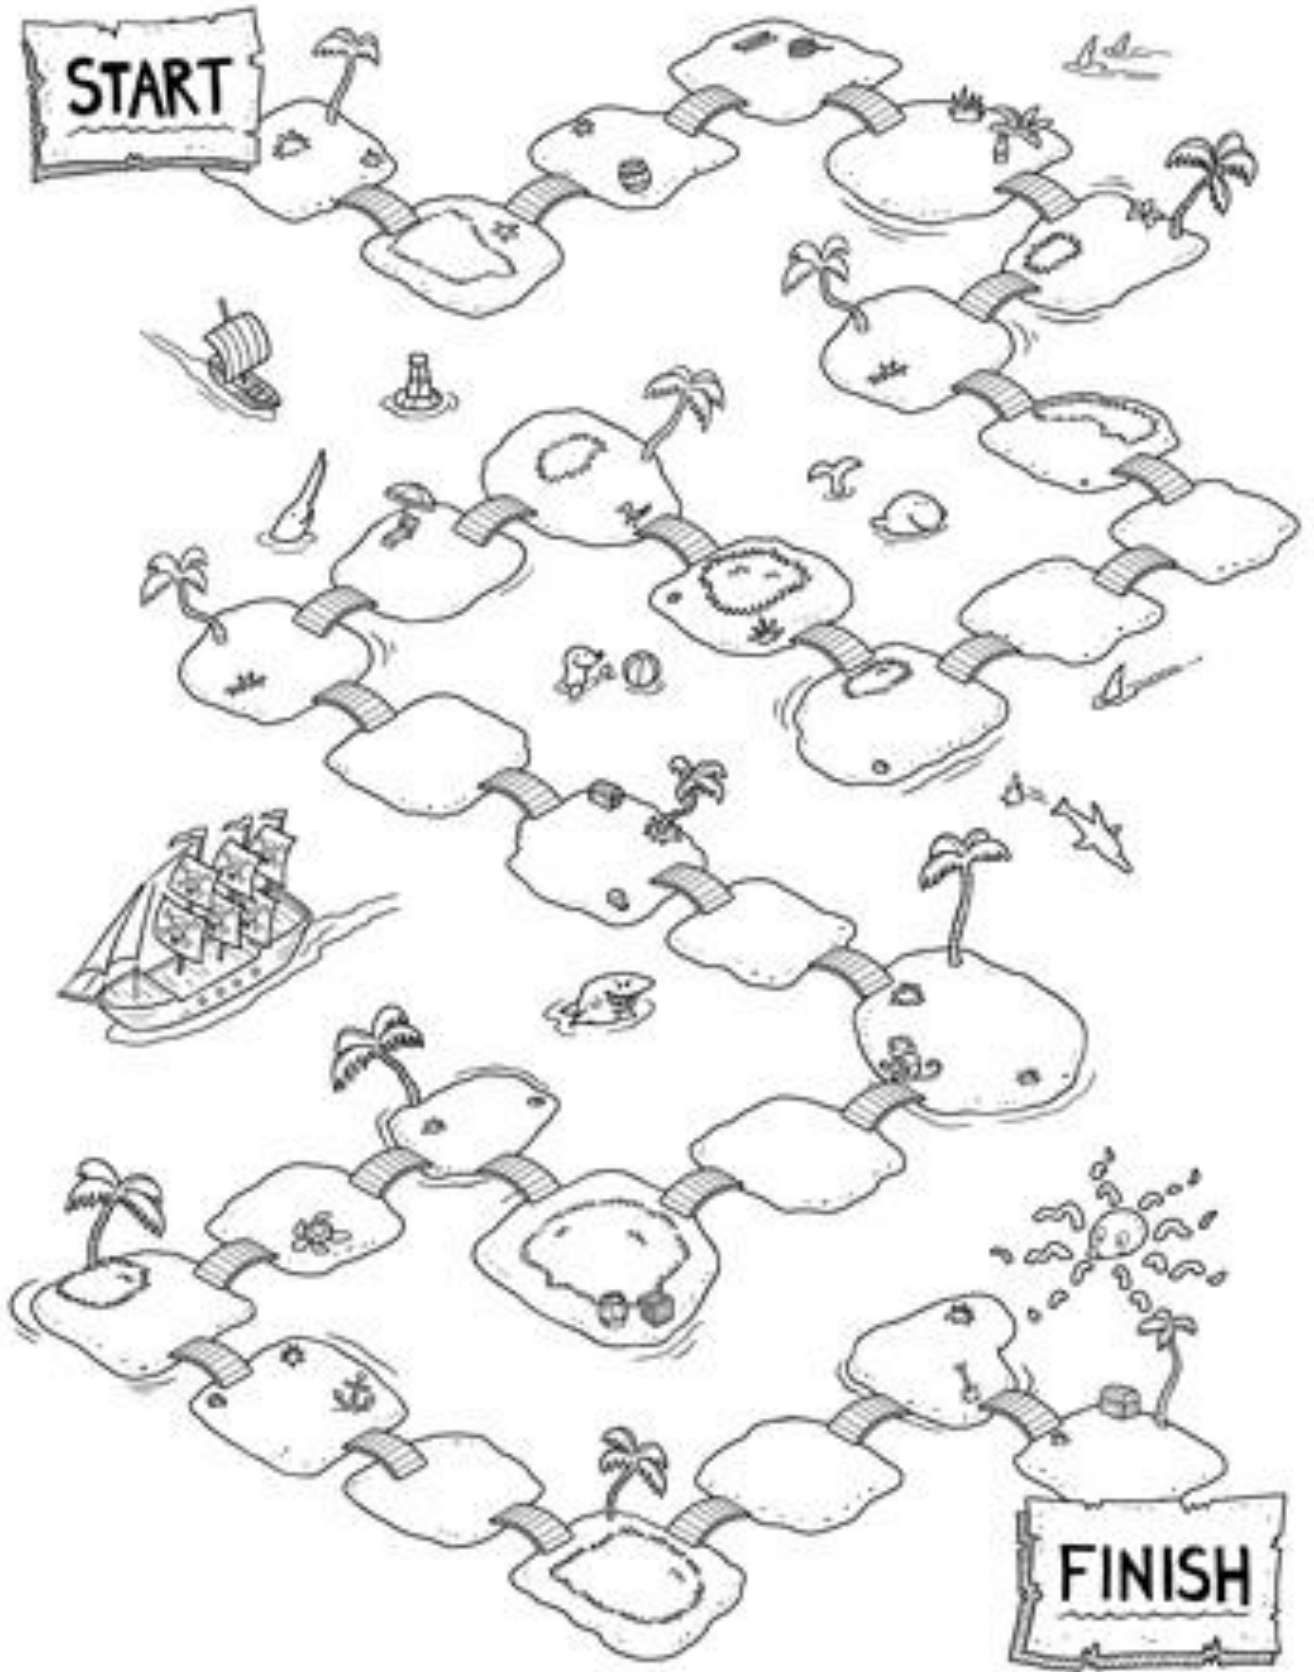

WHEN YOU HAVE FINISHED YOUR GAME, SEE IF YOU CAN GET SOME OF THE PEOPLE WHO LIVE IN YOUR HOUSE TO PLAY YOUR GAME. YOU WILL BE THE REFEREE – IT'S YOUR JOB TO LET THEM KNOW IF THEY HAVE GOT THEIR QUESTIONS RIGHT!
