

School information symbols

As you will be new to school you will definitely get lost a few times.
This is perfectly normal and new teachers also get lost when they start
at a new school too!

The school could help here by having symbols showing which subjects
are taught in which rooms.

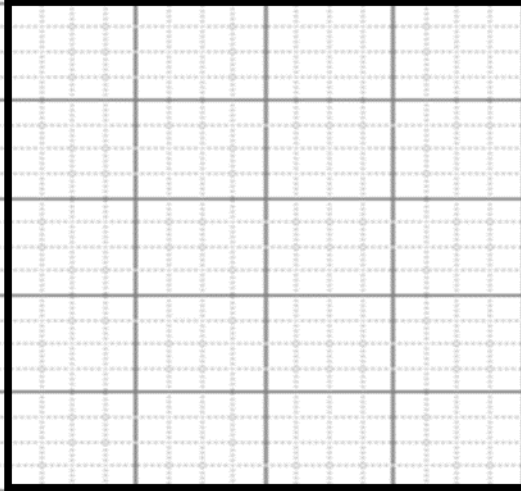

You are being asked to come up with some ideas of symbols which could
be used to help you know which rooms are which.

We all need the toilet sometimes but knowing which toilet to go in is important to avoid getting embarrassed. We see symbols similar to these, pretty much anywhere we go in public.

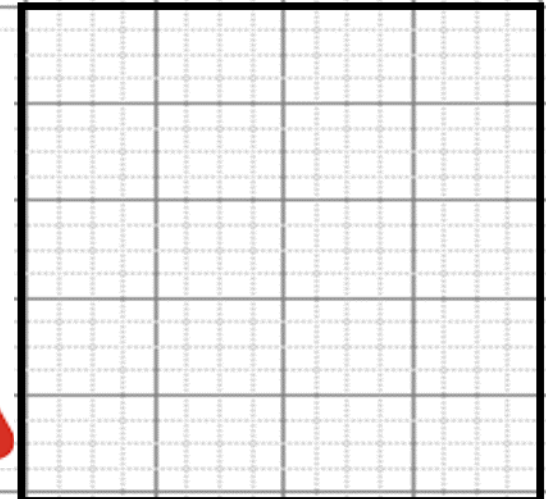

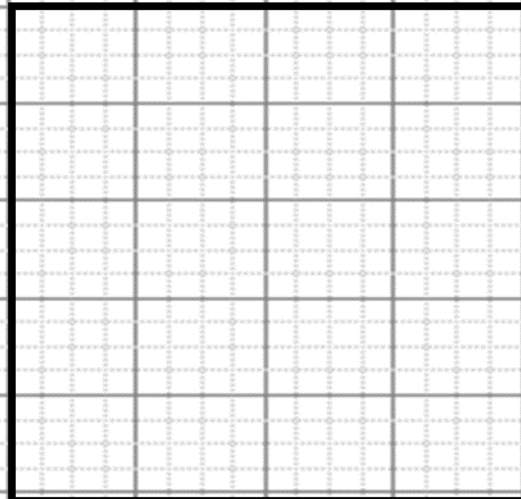

Have a go at redrawing each symbol in the given boxes.

Ok how about these symbols? We see these all the time when out and about on the roads. Remember this time colour has been used.

Can you write what they tell you above your attempt?

Your turn to design

Can you come up with some simple symbol ideas for the following areas you will find at Prestatyn High School?

Maths

Design

Geography

Dining Hall

English

PE

History

Art

Science

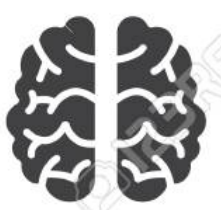

Computing

Music

Languages

What symbols could you use to without using words to show each area?

- These examples might help you come up with your own ideas.

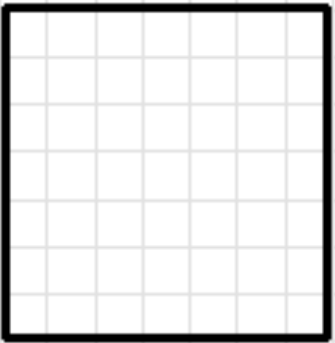

Sketch ideas

- Use this page to do small sketch ideas, you can do more than one sketch for each subject.
