## Introduction

It is the aim of Prestatyn High School to make the examination experience as stress-free and successful as possible for all candidates.

Hopefully, this booklet will prove informative and helpful for both students and parents. Please read it carefully, so that you are aware of the examination regulations and the procedures to follow in the event of any problems occurring.

The Awarding Bodies (or Examination Boards) set down strict criteria which **must** be followed for the conduct of examinations and Prestatyn High School is required to follow them precisely. Therefore, you should pay particular attention to the **INFORMATION for CANDIDATES** that is printed on the following pages.

If you have any queries or need help or advice at any time before, during or after the examinations please contact the Examinations Manager:

Mrs Carol Fielden on 01745 852312.

# Before the Examinations

## Provisional Timetable

- All candidates receive a Provisional Timetable from school indicating the subjects they are being entered for and the levels of entry, where applicable. Please check that these are correct. Some subjects only have one tier of entry and others may have Foundation, Intermediate or Higher tier. You must check everything on your provisional timetable very carefully. Particularly check that all personal details (date of birth, spelling of names etc.) are accurate as these will appear on certificates and it may be difficult to change them once certificates are awarded.
- **Only legal names will be used to make entries and will be shown on certificates.**

## Examination Boards

- The school uses the following Examination Boards:
  - WJEC
  - AQA
  - OCR
  - Edexcel BTEC Courses

## Candidate Name

- Candidates are entered under the Legal name format of First Name + Surname, e.g. Joseph Bloggs

## Candidate Number

- Each candidate has a four digit candidate number. This number is the number you will enter on examination papers. It will appear next to your name on seating plans and examination registers.

## UCI

- In addition to a candidate number, each candidate must have a Unique Candidate Identifier. This consists of 12 numbers and 1 letter, which is shown on the top of timetables (and on the front of this booklet). This number will usually begin with the Centre Number (68148) unless you have transferred from another school that had already issued your UCI. Your UCI is used for administration purposes and it is not necessary for you to remember it.

## Timetables

- This shows your own specific examinations with details of date, time and duration of the exam, venue and **seat number**. Check it carefully. If you think something is wrong see Mrs Fielden in the Examinations Office immediately.
- If candidates have a clash, where two subjects are timetabled at the same time, the school will make special arrangements for these candidates only. You must check your individual timetable where altered times will appear and see Mrs Fielden if you are unsure what to do. If you think there is a clash on your timetable that has not been resolved, please see Mrs Fielden immediately.

## Contact Numbers

- Please ensure that the school has at least two up-to-date contact numbers for you.

## Equipment

- Make sure you have all the correct equipment before your examinations. Check the regulations in the **INFORMATION FOR CANDIDATES** and the information on the following pages. Calculators should have no outer cases/ lids or covers attached. These should be removed.

### Examination Regulations

- A copy of the **INFORMATION FOR CANDIDATES**, which is issued jointly by all examining boards, is printed in this booklet (page 8). All candidates must read this carefully and note that to break any of the examination rules or regulations could lead to disqualification from all subjects. The school **MUST** report any breach of regulations to the Awarding Body.

### Attendance at Examinations

- **Candidates are responsible for checking their own timetable** and arriving at school on the correct day and time, properly dressed and equipped. Candidates must arrive 10 minutes prior to the start time of their examination. Please wait quietly outside your exam room until you are invited to enter by the Examination Invigilators.
- Candidates who arrive late for an examination within a specified time may still be admitted if the school is satisfied that the security of the examination paper has not been breached. If special consideration applies then you must speak to Mrs Fielden (see Absence from Examinations).
- Full school uniform **MUST** be worn by all students attending school for examinations. If the temperatures are too high you may remove your blazer once seated.
- All items of equipment, pens, pencils, mathematical instruments, etc. should be visible to the invigilators at all times.  
**You must either use a see-through pencil case or clear plastic bag.**
- Pens must be **BLACK** ink ballpoint (this is because some question papers are now marked electronically and any other ink does not scan into the computers making it impossible to mark your answer paper). No erasers or correction pens are allowed.
- For Mathematics and Science GCSE exams, students should make sure their calculators conform to the examination regulations. If in doubt check with your teacher. Remove any covers or instructions and make sure batteries are new.
- Please make sure that any watches are removed and placed on the desk in front of you.
- **Do Not** attempt to communicate with or distract other candidates.
- Examination regulations are very strict regarding items that may be taken into the examination room (see FAQs at the end of this booklet). If you break these rules you will be disqualified from the examination.
- **Mobile phones MUST NOT BE BROUGHT INTO THE EXAMINATION ROOM.** If a mobile phone (or any other type of electronic communication or storage device) is found in your possession during an examination (even if it is turned off) it will be taken from you and a report made to the appropriate Exam Board. No exceptions can be made.
- **Bags MUST NOT BE BROUGHT TO THE EXAM ROOM.** Mobile phones and smart watches must be left in your bags and your Head of Year will ensure that your bags are locked in a room allocated for that purpose.
- No food is allowed in the examination rooms. You may take water into the examination room, however, it must be in a clear plastic bottle, with a spill proof cap **and have all labels removed.**

- Please **DO NOT** write on examination desks. This is regarded as vandalism and you will be asked to pay for any damage.
- **DO NOT** draw graffiti or write offensive comments on examination papers – if you do the Examination Board will refuse to accept your paper.
- Listen carefully to instructions and notices read out by the invigilators – there may be amendments to the exam paper that you need to know about.
- Check you have the correct question paper – check the subject, paper and tier of entry.
- Read all instructions carefully and number your answers clearly.
- Candidates must stay in the examination room for the duration of the examination. You will not be allowed to leave an examination room early. If you have finished the paper use any time remaining to check over your answers and that you have completed your details correctly.
- At the end of the examination all work must be handed in – remember to cross out any rough work. If you have used more than one answer book or loose sheets of paper, place in the correct order inside your answer booklet. **Remember to write your candidate details on any extra answer sheets used.**
- Invigilators will collect your exam papers before you leave the room. Absolute silence must be maintained during this time. **Remember you are still under examination conditions until you have left the room.**
- Question papers, answer booklets and additional paper must **NOT** be taken from the exam room.
- If the Fire Alarm sounds during an examination, the Invigilators will tell you what to do. Don't panic. If you have to evacuate the room, you will be asked to leave in **SILENCE** and in the order in which you are sitting. You will be escorted to a designated assembly point. Leave everything on your desk. You must not attempt to communicate with anyone else during the evacuation. When you return to the exam room do not start writing until the invigilator tells you to. You will be allowed the full working time for the examination and a report will be sent to the Awarding Body detailing the incident.

## Invigilators

- The school employs external Invigilators to conduct the examinations. Students are expected to behave in a respectful manner towards all invigilators and follow their instructions at all times.
- Invigilators are in the examination rooms to supervise the conduct of the examination. They will distribute and collect the examination papers, tell candidates when to start and finish the examination, hand out extra writing paper if required, and deal with any problems that occur during the examination. For example, if a candidate is feeling ill. If you need to speak to an invigilator, raise your hand and they will come to you.
- Please note that invigilators cannot discuss the examination paper with you or explain the questions.
- Students who are disruptive or behave in an unacceptable manner will be removed from the examination room by invigilators and members of the Senior Leadership Team.

## **Absence from Examinations**

- If you experience difficulties during the examination period (e.g. illness, injury, and personal problems) please inform the school at the earliest possible point so we can help or advise you.
- Only in ‘exceptional circumstances’ are candidates allowed special consideration for absence from any part of an examination. It is essential that medical or other appropriate evidence is obtained on the day by the candidate/parent and given to Mrs Fielden without delay in all cases where an application is to be made for special consideration.
- For the award of a grade by Special Consideration, where a student misses part of an examination through illness or personal misfortune, a minimum of 35% of the examination (including coursework) must be completed.
- Parents and candidates are reminded that the school will require full payment of entry fees should a candidate fail to attend an examination without good reason and without informing the school. Failure to pay may result in your examination results being withheld.
- Please note that misreading the timetable will not be accepted as a satisfactory explanation of absence.

If candidates do not collect their certificates within this time (or if they lose their certificates) they can only be replaced by direct application to the appropriate examination boards. This will require proof of identity (such as a birth certificate) and a substantial fee per examination board. You are therefore urged to collect your certificates, as soon as possible, and to keep them safe.

**This notice has been produced on behalf of:**

**AQA, OCR, Pearson and WJEC**

**Information for candidates: non-examination assessments**

**This document tells you about some things that you must and must not do when you are completing your work.**

**When you submit your work for marking, the awarding body will normally require you to sign an authentication statement confirming that you have read and followed the regulations.**

If there is anything that you do not understand, you **must** ask your teacher.

**Preparing your work – good practice**

If you receive help and guidance from someone other than your teacher, you **must** tell your teacher who will then record the nature of the assistance given to you.

If you worked as part of a group on an assignment, for example undertaking field research, you must each write up your own account of the assignment. Even if the data you have is the same, you **must** describe in your own words how that data was obtained and you **must independently draw your own conclusions from the data.**

You must meet the deadlines that your teacher gives you. Remember - your teachers are there to guide you. Although they cannot give you direct assistance, they can help you to sort out any problems before it is too late.

Take care of your work and keep it safe. Do not leave it lying around where your classmates can find it or share it with anyone, including posting it on social media. You must always keep your work secure and confidential whilst you are preparing it; do not share it with your classmates. If it is stored on the computer network, keep your password secure. Collect all copies from the printer and destroy those you do not need.

Do not be tempted to use pre-prepared on-line solutions — this is cheating. Electronic tools used by awarding bodies can detect this sort of copying.

You must not write inappropriate, offensive or obscene material.

## **Research and using references**

In some subjects you will have an opportunity to do some independent research into a topic. The research you do may involve looking for information in published sources such as textbooks, encyclopedias, journals, TV, radio and on the internet.

Using information from published sources (including the internet) as the basis for your assignment is a good way to demonstrate your knowledge and understanding of a subject. You must take care how you use this material though - you cannot copy it and claim it as your own work.

**The regulations state that:**

**'the work which you submit for assessment must be your own';**

**'you must not copy from someone else or allow another candidate to copy from you'.**

When producing a piece of work, if you use the same wording as a published source you must place quotation marks around the passage and state where it came from. This is called 'referencing'.

You must make sure that you give detailed references for everything in your work which is not in your own words. A reference from a printed book or journal should show the name of the author, the year of publication and the page number, for example: Morrison, 2000, p29.

For material taken from the internet, your reference should show the date when the material was downloaded and must show the precise web page, not the search engine used to locate it. This can be copied from the address line. For example: <http://www.geocases2.co.uk/rural1.htm> downloaded 5 February 2021.

You may be required to include a bibliography at the end of your piece of written work. Your teacher will tell you whether a bibliography is necessary. Where required, your bibliography must list the full details of publications you have used in your research, even where these are not directly referred to, for example: Curran, J. *Mass Media and Society* (Hodder Arnold, 2005).

**If you copy the words or ideas of others and do not show your sources in references and a bibliography, this will be considered as cheating.**

## **Plagiarism**

Plagiarism involves taking someone else's words, thoughts or ideas and trying to pass them off as your own. **It is a form of cheating which is taken very seriously.**

Do not think you will not be caught; there are many ways to detect plagiarism.

- Markers can spot changes in the style of writing and use of language.
- Markers are highly experienced subject specialists who are very familiar with work on the topic concerned — they may have read or seen the source you are using, or even marked the work you have copied from!
- Internet search engines and specialised computer software can be used to match phrases or pieces of text with original sources and to detect changes in the grammar and style of writing or punctuation.

## **Penalties for breaking the regulations**

If it is discovered that you have broken the regulations, one of the following penalties will be applied:

- the piece of work will be awarded zero marks;
- you will be disqualified from that component for the examination series in question;
- you will be disqualified from the whole subject for that examination series;
- you will be disqualified from all subjects and barred from entering again for a period of time.

The awarding body will decide which penalty is appropriate.

**REMEMBER – IT'S YOUR QUALIFICATION SO IT NEEDS TO BE YOUR OWN WORK**

**Information for candidates – coursework assessments**

**This document tells you about some things that you must and must not do when you are completing coursework.**

If there is anything that you do not understand, you **must** ask your teacher.

Your parent/carer may provide you with access to resource materials and discuss your coursework with you. However, they must not give you direct advice on what should and should not be included.

If you worked as part of a group on an assignment, you must each write up your own account of the assignment. Even if the data you have is the same, the description of how that data was obtained and the conclusions you draw from it should be in your own words.

Your school or examination centre will be able to confirm to you which awarding body is delivering each qualification you are undertaking and you will receive a statement confirming what qualifications you have been entered for and which awarding body. You will find links to each awarding body's website and information on how to contact them here: [www.jcq.org.uk/contact-us/contact-details-for-jcq-and-members](http://www.jcq.org.uk/contact-us/contact-details-for-jcq-and-members).

### Information about you and from where it is obtained

Each awarding body whose qualifications you enter will need to use a variety of information about you. This includes obvious identification details such as your name, address, date of birth and your school or examination centre. It also includes information about your gender, race and health, where appropriate. This information is provided by you or your parents/guardians and/or by your school or examination centre.

The awarding bodies may share information about your results with official bodies such as the Department for Education and the examinations regulators (e.g. Ofqual in England) and also relevant local authorities and the Universities and Colleges Admissions Service (UCAS). An awarding body may also use information about you to investigate cheating and other examination malpractice and will share information about malpractice with other awarding bodies.

The awarding bodies take the security of the information about you that they hold seriously.
