

26th November, 2021

Dear/Annwyl Parents/Guardians,

I am writing to you following the moving acts of remembrance over the last few weeks.

Over two million people currently work and volunteer within our emergency services, all of whom have shown commitment to public service throughout the pandemic. The 999 Cenotaph campaign seeks to recognise that sacrifice and has support from HRH The Duke of Cambridge, the Prime Minister and the First Ministers of Wales, Scotland and Northern Ireland. The 999 Cenotaph would be placed along Whitehall.

The campaign is now encouraging all school, college and University students throughout the UK to support the campaign on Friday 3rd December.

At Prestatyn High School, we feel students can support the campaign by wearing a colour from the emergency services (red, blue, green or orange) with their full school uniform. A suggested donation of £1 should be made via ParentPay if your child would like to participate.

We will also be selling key rings and cakes with the colours represented by the emergency services.

More information about the campaign can be found at www.999cenotaph.org.uk.

We look forward to your child helping us to support the campaign. Thank you for your continued support.

Yours sincerely/ Yn gywir

Mrs PJ Hill
