2nd March, 2023

Dear Parents and Carers,

Welcome back following the Spring break. I do hope that you have had a restful time with family over the last week and you are now ready for another successful and engaging term. I am delighted to inform you that our enrichment opportunities and after-school clubs are running again this term; we have a host of sessions on offer.

I have attached the latest copy of the 2023 enrichment timetable for you to explore what we have on offer. All sessions include information on which year group can attend, using the key at the bottom of the page.

Over the last couple of months, we have seen over 1500 students access the sessions and activities that we have had on offer; this is fantastic. We are looking forward to seeing students returning and, hopefully, some new faces trying out the sessions on offer. We are looking to expand the enrichment offer. We are currently in the process of setting up a dedicated council so that students can take a lead in sessions and play a more significant role in future plans.

Sessions and classes still take place between 3pm and 4pm and, for all year groups, these include the core areas of additional learning, alongside extra qualifications, group sessions and physical activity. They also provide students with opportunities to develop new interests and skills, as well as providing the opportunity to meet new friends. Taking part in these sessions not only helps the students build confidence, but it also helps them feel part of a team and develops their communication skills. Some of the sessions this term are: Art Club; Animal Care; Computer and Board Game Clubs; Eco Club; F1 in School; Harry Potter Club; Pokémon and Lego. There are plenty of clubs to suit all ages and interests.

The PE department offers a variety of physical activities for all year groups, including a choice of traditional sports such as netball and football. As the timetable changes every half term, there will be a variety of activities on offer, including less traditional sports such as archery. In addition, there will be multisport, where pupils will get a choice of different activities each week. These may attract students who enjoy engaging in new challenges. We have a few changes to the timetable this half term, with netball being split once again on a Monday and Tuesday evening, and multisport being added on a Wednesday.

All enrichment sessions will be registered in the same way as a normal lesson. This is to ensure that we know who is on site after school has closed; it will be managed by a dedicated member of staff. A reminder that if pupils get the school bus home, and wish to attend an enrichment session, they can book on to the Prestatyn High School minibus at reception.

I do hope your child takes up this fantastic opportunity, and I look forward to welcoming them to the sessions.

Yours sincerely

Neil Foley - B.Sc. MA.
